

# Environmental Management Policy Statement

Sunsynk UK LTD is a professional and environmentally conscious organisation, which acknowledges the impact that our operations may potentially have on the environment. The clear objective of Sunsynk UK LTD is to minimise any impact on the environment by:

- Preventing pollution, reducing waste and ensuring, wherever practicable, that measures are implemented to protect and preserve natural habitats, flora and fauna;
- Taking action to eliminate or reduce, as far as practicable, any potentially adverse environmental impacts;
- Promoting environmental awareness amongst our suppliers, contractors and partners by implementation of operational procedures;
- To exercise our Emergency procedures periodically which will support the implementation and improvement of our plans;
- Ensuring effective and expedient incident control, investigation and reporting.

As such, we have set a framework of objectives to support our achievement of this policy which considers specifically our significant impacts.

It is the policy of Sunsynk UK LTD to continually improve an effectively managed Environmental Management programme. Sunsynk UK LTD will fully comply with the duties placed upon it within the requirements of legislation and we will continue to comply with the requirements of ISO 14001.

All employees and sub-contractors are expected to co-operate and assist in the implementation of this policy, whilst ensuring that their own works, so far as is reasonably practicable, are carried out without risk to themselves, others or the environment. This includes co-operating with management on any environment related matter.

Sunsynk UK LTD will make this Policy available to all interested parties on request.

The Director has overall responsibility for all environmental matters. The operation of this policy and the associated procedures will be monitored and reviewed on a regular basis to ensure that they remain current and applicable to the company's activities.
